GREENWOOD

At home in Greenwood Village.

Named for the village it calls home, The Greenwood is the middle of the collection, with room for how you live now and how you might live later. Starting at approximately 3,725 square feet, large windows fill every level with natural light, covered front and rear decks and a covered patio make the outdoors part of the daily routine, and a rooftop deck of up to 278 square feet gives you a place to look out over it all. A private elevator, grand kitchen island, walk-in pantry, 3-bay garage, and a walk-in closet and private bath for every bedroom come standard.

Options include an alternate fourth-level primary suite, a fourth-level bedroom or fireplace, a flex or fitness room, a pet spa and pet lounge, a wine closet or cellar, a beverage center, a built-in grill, and an extended covered deck (+132 SF). A finished lower level adds 371 square feet for guests, fitness, or a quiet getaway, growing The Greenwood to approximately 4,100 square feet. Elevations A and B are nearly identical in size.
